

CHAIRMAN'S CHAT

La Festa Primavera

Our first FESTA PRIMAVERA "Spring Feast" demonstrated the true nature of our club. We all worked hard, but the camaraderie among us made all our toils worthwhile and pleasant.

Men in other ethnic clubs brag about how much beer they can drink, but the men in our club brag about who makes the better meatball. We owe this all to our Italian mothers and grandmothers. Our girls filled in on all tasks, and made our event run smoothly. I even heard one customer tell another of how pretty our women are, and spoke of the festive decorations. We were all one big family, and like the Italian traditions of days gone by, we ate and had fun.

This is what our club is all about. We may not be all Italian, but we are family. Hopefully our children who come to our occasions will remember our club spirit and perhaps carry it on to future generations.

Club History

Our first festa was held in Sept, 23, 1992. We picked this date to coincide with the Neapolitan Festa of San Gennaro. After several years we changed our festa to October because in September the love bugs would be swarming. They would get in the sausage sandwiches and being outside was not an option. Those days we had an outside oom paa paa band and clowns to paint funny faces on the kids.

Ciao, Vinny Russo
